

FROEBEL HOUSE SCHOOL STAFF BEHAVIOUR POLICY (CODE OF CONDUCT)

Ethos

All children have the right to be safe. This is more likely to happen if the children themselves feel that they have this right. A caring environment in which the self-esteem of the individual is actively promoted by showing respect for his/her colour, gender, race, creed, background or ability is vital for achieving this. A child's sense of his/her own value will also be increased by providing an atmosphere in which independence, self-confidence, self-expression and assertiveness are encouraged.

Principles

All staff at Froebel House School have a responsibility to ensure that everyone, particularly children and young people are protected from harm. It is the responsibility of each adult to ensure that:

- their behaviour is appropriate at all times;
- they observe the rules established for the safety and security of children and young people
- they follow the procedures following suspicion, disclosure or allegation of child abuse;
- they recognise the position of trust in which they have been placed; and
- in every respect, the relationships they form with the children and young people in their care are appropriate

All persons who wish to work at Froebel House School, must accept and understand this policy. They must also agree to the policies on safeguarding children.
